How to use the navigation buttons

All the navigation buttons can be found in the top left corner of the pane.

- A** The **Navigation guide button** offers you an overview of the intuitive navigation buttons, enhancing your ability to navigate the interface effectively and customize your data view to meet your specific needs.
- B** Click on the **Help button** for an image on how to read your current dashboard view. It'll give you detailed information about what you see on the screen.
- C** Click on the **Training Material button** to access the links of the resources you need to get you started!
- D** The **Print View button** gives you a preview of the information you selected.

The screenshot displays the Sun Life Benefits Explorer | Drug Summary interface. On the left, a 'NAVIGATION' pane contains buttons for 'Close this Navigation Guide', 'Help', 'Training Material', and 'Print View OFF'. Below this is a 'FILTER HERE' section with various dropdown menus and radio buttons for filtering data. A 'Reset Filters' button is located at the bottom of the filter section. In the center, a 'NAVIGATION GUIDE' box provides instructions on how to use the navigation buttons. To the right, a 'How to Filter' section includes a list of five steps and a visual guide showing how to interact with a filter dropdown menu. On the far right, a 'Per Claiming Member Cost 2024' chart shows a bar chart and a table of costs and percentage changes over time.

How to use the navigation buttons

If you are looking at the Long-Term Disability dashboard, click on the **Sun Life Toolkits button** to access free Sun Life resources that support mental, musculoskeletal, and women's health.

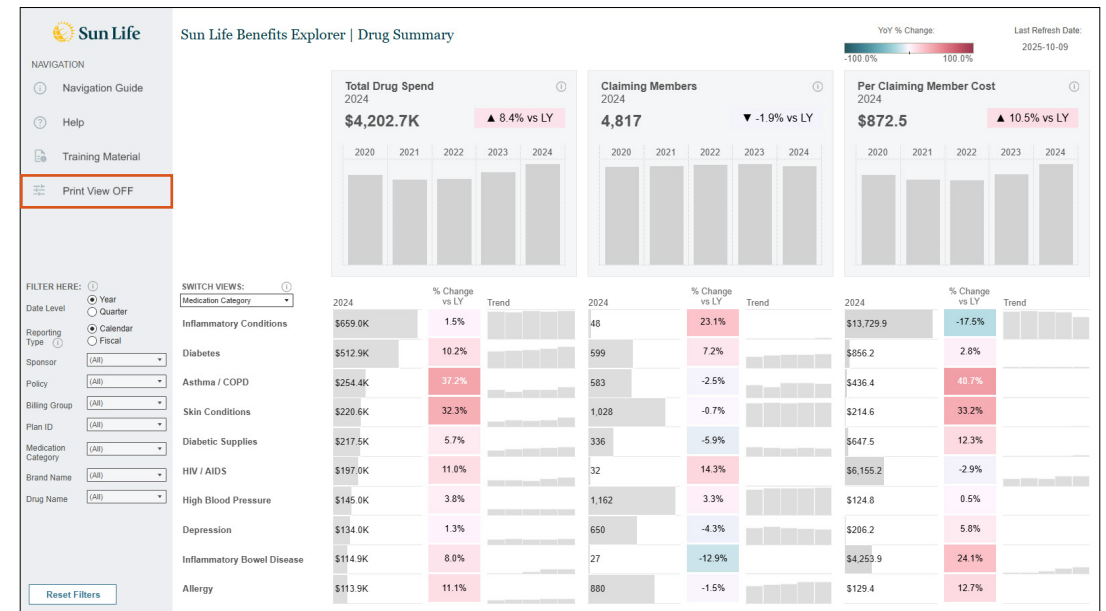

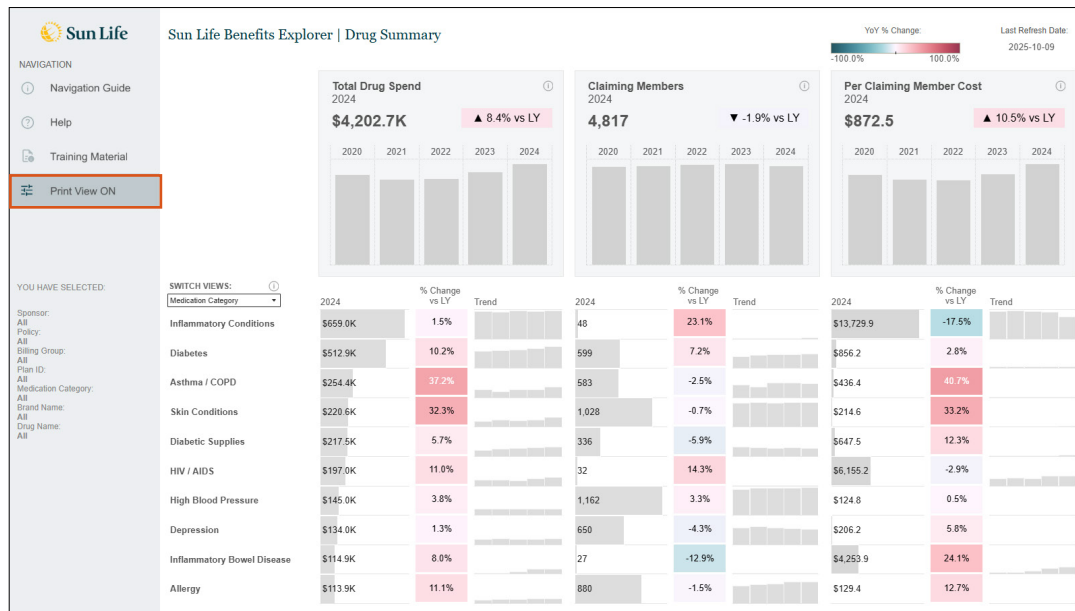

By clicking on the **Sun Life Toolkits button**, you'll see links to the 3 toolkits appearing on the dashboard.

How to use print view

You can also click on the **Print View toggle button** to activate presentation mode of the information you selected. The label will change to **Print View On** when presentation mode is active. Click on that button again to close it.

Note: If not all of the information that you expected show up in the print preview it's possible that you have an incorrect filter area selected.

Filters vs Switch Views: What's the difference?¹

Filters determine what data is shown (e.g. including only specific billing groups), while **Switch Views** let you change how the same data is presented (e.g. by brand name or drug name).

• What do Filters look like?

¹Disclaimer: The screenshots shown are from the Drug Summary dashboard. The Medical Summary and Long-Term Disability Summary dashboards may have slightly different displays.
