Sun Life Group Retirement Services offers innovative investment solutions – it's what we do best – and it all begins with our Investment Solutions team. Our Investment Solutions professionals provide our clients with perspective on investment selections, monitoring and analysis. They can work in partnership with our clients and their consultants or plan advisors to develop an effective investment program that not only meets the purpose of their plan, but recognizes the diversity of their plan members. Each member of our Investment Solutions team is well equipped to help clients better understand their investments within the capital accumulation plan industry and the broader Canadian marketplace. The Investment Solutions team is supported by the International Investment Centre, which provides manager research and due diligence support to various business units within Sun Life globally. Investment Solutions Executives adhere to a supplemental code of conduct to ensure that clients receive guidance that is not unduly influenced by real or apparent conflicts of interest. They provide strategic direction to a number of high-level committees who develop, implement and support our investment programs, governance structure, information and tools.

Meet our team

Alexandra Barbu, Assistant Vice President, Investment Solutions, Calgary

With over 23 years of pension and investment consulting experience, Alexandra leads the team of investment professionals who oversee Sun Life's Group Retirement Services' investment governance, manager research and sustainable investing strategy. She is responsible for relationships with investment managers and bringing investment products to the market. Overseeing the execution of pension committee investment and education, investment fund selection and on-going monitoring of investment managers and funds are also central to her role.

Alexandra joined Sun Life in March 2009 from the investment consulting practice of a large consulting firm. She holds an Honours Bachelor of Business Administration degree from Wilfrid Laurier University with a minor in French. Alexandra has earned the CFA Institute's Certificate in ESG Investing.
